

Insiders Know...

BB&T

As the BB&T Market President for North Anne Arundel, I need to be “in the know” about what is happening in West County, which may be the last frontier for high intensity commercial development in Anne Arundel County. We rely heavily on the West County Chamber to keep us informed, to help us anticipate changes in the market, and to have the latest intel about key people, places and projects.

Our clients depend on us for market knowledge, and our commitment to WCC ensures that we can serve them as thought leaders as well as civic leaders. I highly recommend the West Anne Arundel County Chamber as the best means of being “in the know” when you make local business decisions.

- Jeffrey Armiger, BB&T
